Test Certificate

Company: Gadli Industries Date: 04-Apr-2016
Invoice No: 002

Description: Rubber Profile In EPDM (4290)(10020)(10048)

Property	TestMethod	Test Unit	Typical Value
Polymer	Manual		EPDM
Hardness	IS-3400 Part-2 & ASTM-D2240	Shore A	TM 60
UV Resistance			Excellent
Tensile Strength, Ultimate	IS-3400 Part-1 ASTM D412	Kg/Cm	70
Elongation, Ultimate	IS-3400 Part-1 ASTM D412	Percent	190%
Ozone Resistance 50PPHM for 96 hours @ 104°F (40°C)	IS-3400 XX ASTM D1149	No Crack at 50PPHM test temp of 40±2°C, Test Duration of 96 hrs and 20% Strain

TESTING RESULTS

No.2003(X)321-6

No.	Item	Unit	Requirement	Result
1	Charpy impact strength (notched)	kJ/m ²	/	56.6
2	Color	L*	/	53.65
		a*	/	-2.61
		b*	/	-3.28
3	Retention of charpy impact strength (notched)	%	>60	61
	Color difference (ΔE*)	/	≤5	3.8

Notes:
Condition of aging:
Light Source: Xenon ARC light Irradiance: 550W/m²
Wavelength: 290nm-800nm Black-panel temperature: (65±3)°C
Relative humidity: (50±5)% Aging time: 6000h
Spray cycle: 18min/120min

CONCLUSIONS

The samples of the product referred to in this report have been tested in accordance with the artificial weathering(S type, aging time 6000h) in the specification GB/T 8814-2004 "Unplasticized polyvinyl chloride(PVC) profiles for doors and windows". The above items meet the requirements of the specification. (HEREINAFTER IS EMPTY)

About us

GADLI Industries is into the business from two decades and it is one of the leading UPVC Window manufacturer in Coimbatore, rendering services to its neighbouring states, **TAMIL NADU, KERALA, KARNATAKA, ANDHRA PRADESH** and **MADHYA PRADESH**.

GADLI® INDUSTRIES

UPVC Doors and Windows

Think UPVC ! Think Gadli !

Our Strength

- Our production facility is located near Madukkarai with build up area of 10000sq.ft.
- Our production team contains 3 well experienced production head and under them 30 technical staffs.
- We have 3 well experienced site engineers and 4 service teams.
- We have state of the art automated machineries for production.
- We are totally equipped with state of the art infrastructure with professional people in different departments like Marketing, Customer support, Designing and Fabricating to carry out the production process in a professional manner right from taking the measurement to the installation of windows.

Survey & Design

Whether you order one window or thousands, we'll customize the perfect solution for you.

Fabrication & Delivery

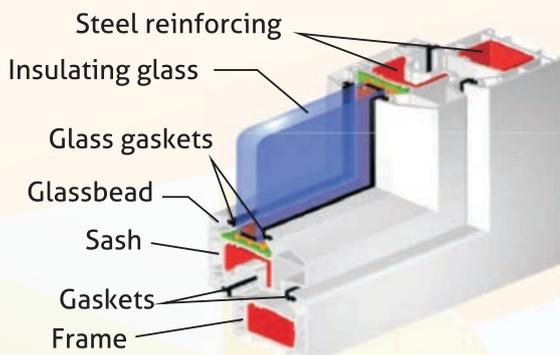

We manufacture uPVC windows and doors with the highest quality materials and processes.

Installation & Maintenance

Our end-to-end service extends beyond delivery to installation and maintenance too.

Structure

Openable

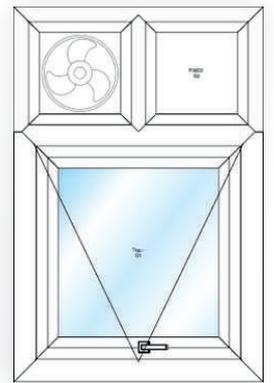

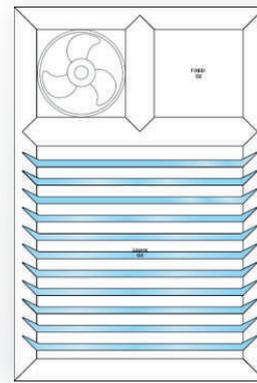

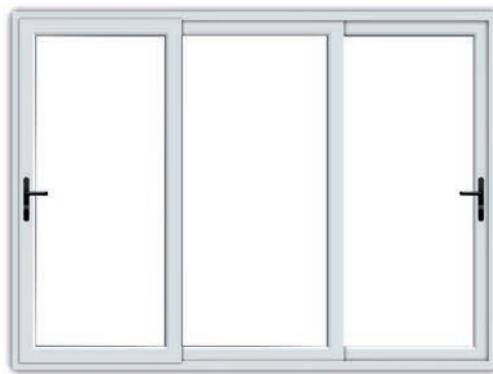

Sliding

Double Glazed

Types of Windows & Doors

Our range of Products

UPVC Openable Window

UPVC Windows and Doors shall be made out of hollow Multi-Chambered UPVC sections with isolated drainage and reinforced with galvanized steel. The corners and joints shall be meter cut and fusion welded.

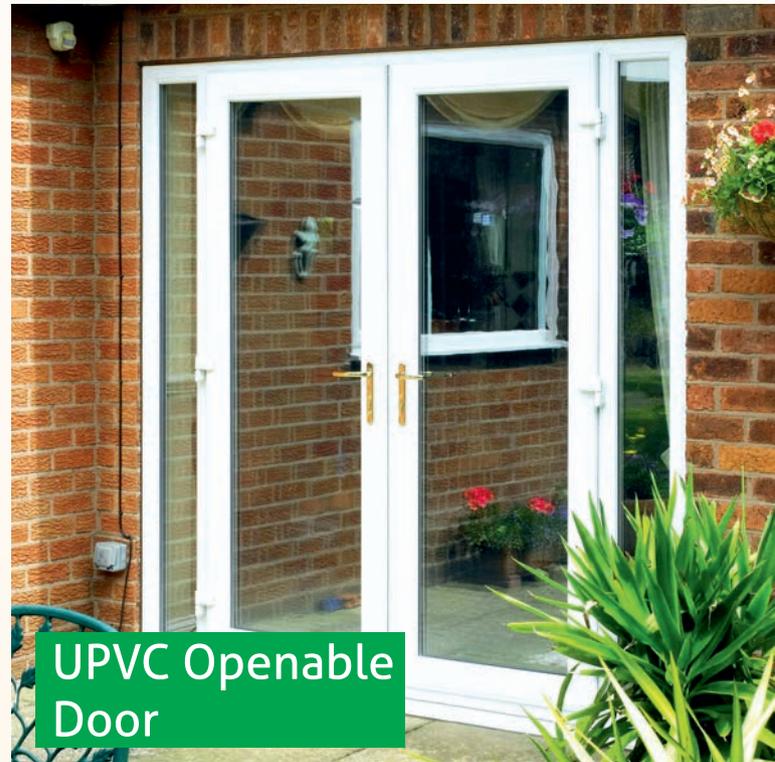

Specification

Galvanized steel reinforcement of 1.0mm, 1.2mm, 1.6mm, 2.0mm and 2.5mm is used for structural strength as per the requirement. Glazing of 5mm - 20mm can be provided.

Gadli UPVC windows and doors are available in woodgrain laminates.

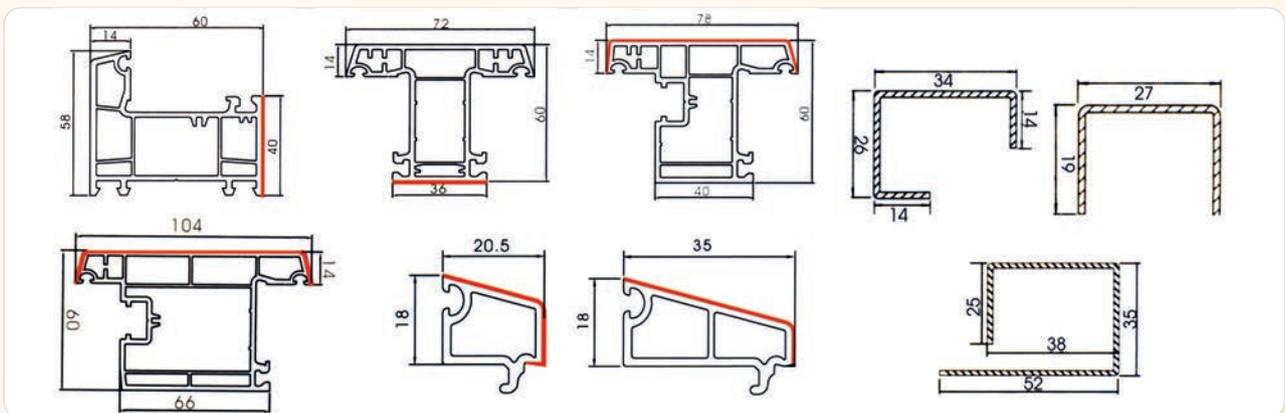

Mahogany Golden Oak Dark Oak

UPVC Openable Door

Dimension Chart

All hardware are made of material resistant to atmospheric corrosion. Windows are provided with variety of security devices like single / multi point locking system, Friction Stays or Butt Hinges with wind Stay, Powder coated cock spur Handles / M.P. Lock handles as per the requirement.

Our range of Products

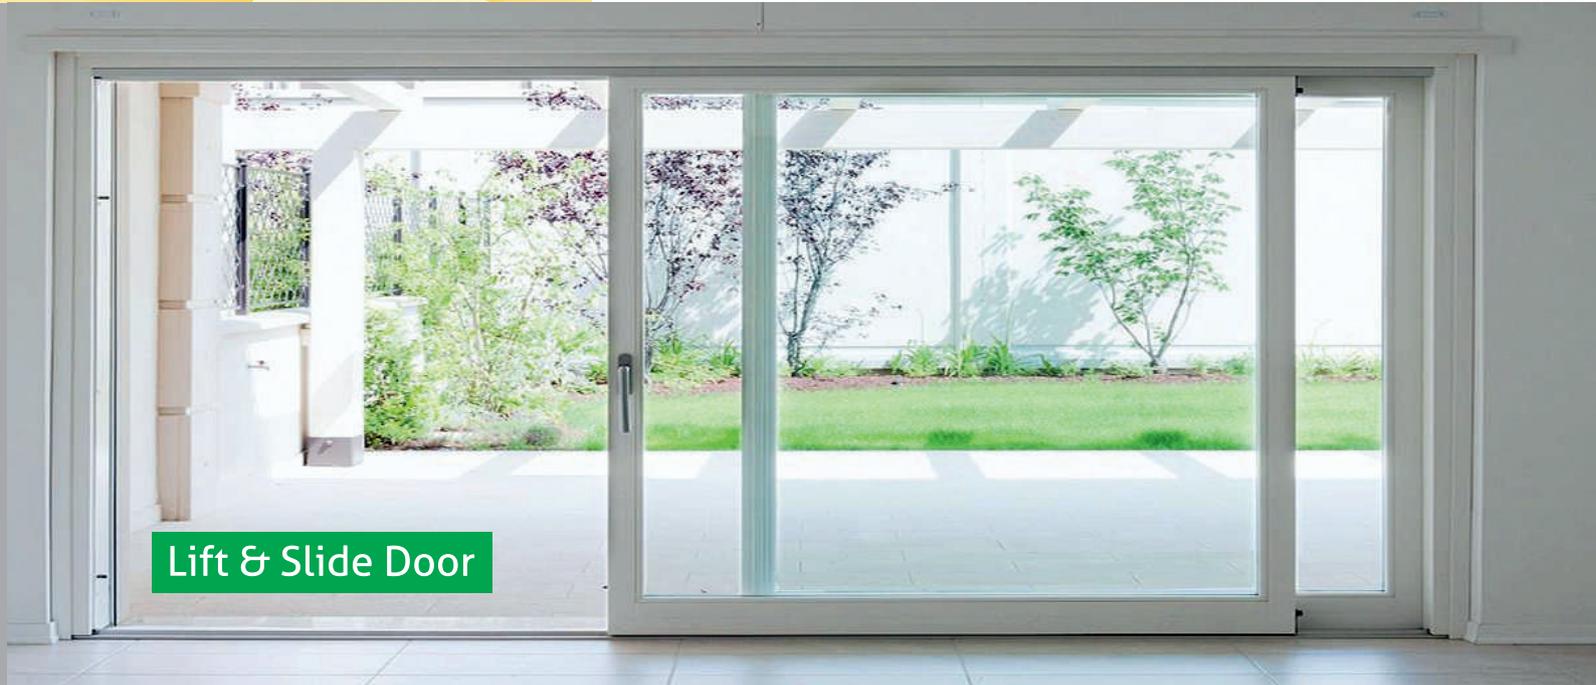

**HIGH
PERFORMANCE
EXTRUSION AND
CRAFTSMANSHIP**

Gadli is proud to be a part of your life. Our UPVC windows and doors have proved their functional, aesthetic and qualitative credentials over the wide spectrum of residential, commercial, industrial and institutional requirements.

ELEGANT DESIGN IN FOCUS

From the overall finish to the individual touches that make them a pleasure to look at and use, we want you to be happy with your new windows and doors.

Hardwares, Locks & Handles

Advantages of Gadli UPVC

High ANTI-UV Performance With more TiO₂
PATENT No : ZL 2007 2 0113820.7

TiO₂ is the primary pigment in vinyl formulations. It gives vinyl its brilliant white color and makes the product opaque, TiO₂ also adds in the reflection of UV rays preventing heat buildup within the profile and protecting the window from strong solar fading.

UPVC window system has two layers of TiO₂ coating which makes profile more stable in harsh conditions.
