INTRODUCTION

WELCOME TO GADLI INDUSTRIES

Best Manufacturers of windows and doors

About Us

In 2000, we began our journey as a trading company, laying the foundation for success. Building on this strong base, Gadli Industries was established in 2005, and since then, we have grown into a trusted name in the manufacturing of premium UPVC and aluminum windows and doors. With over 18 years of expertise, we are dedicated to delivering durable, high-quality solutions that enhance the aesthetics and functionality of homes and businesses across India. We are well-positioned to serve customers across India with three factories strategically located in Coimbatore, Chennai, and three showrooms in Coimbatore, Kolkata, and Bangalore.

Our Vision

To redefine excellence in windows and doors by providing innovative, sustainable, and cost-effective solutions. We are committed to expanding our global footprint while maintaining a strong focus on quality and customer satisfaction.

Our Management Team: A Legacy of Growth

Hakim Gadli

Director

Mohammed Gadli

Director

Hakim Gadli and Mohammed Gadli, the visionary brothers behind our success, began their journey in 2005 by establishing the company as a family-run trading business. For the first three to four years, they focused on building strong relationships and earning trust in the market, laying a solid foundation for future growth.

Driven by ambition, they transitioned into manufacturing, establishing three state-of-the-art units to meet growing demands. Now fully focused on production, the brothers are expanding their reach internationally, transforming their initial dream into a legacy of excellence and innovation.
